Church: Unit 4: Ch 4.1 Name_____
Exercise: How do we know truth? Period_____

I know that this is very vague and open-ended, but I think you can do it. Remember that your responses can be related to anything in your life and don't have to be related in any way to religion or religious beliefs.

1. List three things that you know to be true and explain why you know they are true.

2. List three things that you think are true, but don't know for sure. Explain why you aren't sure.

3. List three things that other people think are true, but you think probably aren't true. Explain why you think they aren't true.
