Tips for Success	2

I am delighted to have you have in my I.B. Spanish class here at Lucille Brown Middle school. You are enrolled in a class that comes with high expectations and continuous assessment which requires a good deal of effort.

Every day we will spend time perfecting the four skills necessary for learning a foreign language: listening, speaking, reading, and writing. Since learning a foreign language is a new skill for you, you should expect to work hard in this class; you should be prepared to study on your own as well as complete the daily homework.

We will follow a pace as specified in our curriculum guide. Such pacing requires that every student keeps up with the daily classwork and homework, participates in class every day, and learns the vocabulary and grammar each night to prepare for the next day's class, participates in class every day,

and learns the vocabulary and grammar each night to prepare for the next day's class.

Since the material we study is cumulative, do not let yourself get behind! All classwork and homework is posted in advance on our class web site so that you can access this information at home if you are out of town or sick at home.

Every day in class you will be required to speak in Spanish, not English. You will only have 90 minutes of speaking time every other day, so it is important to stay in the target language throughout each class. To emphasize the importance of speaking Spanish, you will receive a grade based on the amount of Spanish you use to communicate with others and with me in this class.

Assessment/Grading

All graded assignments are based on a total points system. The student's grade will be computed by dividing the total number of points the student earns by the total number of points possible. For example, if the student has earned 80 out of 100 points for the first marking period, his grade would be 80% - a C. Students should expect at least one to two tests per marking period and quizzes (both announced and unannounced) daily. Homework is given every day.
