Ceramics II
Mr. Faltinoski

Name: _____

Hidden Angel Project

For this project your are going to create a sculpture of an angel. In preparation for designing and building your sculpture, I want you to think about what an "angel" means to you.

The Latin word "angelus" or Greek word ἄγγελος may be translated as messenger, or one sent.

In Christian theology, angels are purely spiritual beings who, among other things, relate messages from God to humans, e.g. Lk 1:28, protect and watch over people, e.g. Ps 90:11 and offer our prayers to God, e.g. Rv 8:3-4.

In the space provided, explain what you think angels are: _____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

Attach to this page three images of angels that fit with your concept of the beings. They can be illustrations or photos of sculptures. Look for a variety of images,traditional is O.K., but at least one should be a modern or abstract representation of an angel that still depicts your understanding of who you think they are.
