Theme Project

La casa

La casa de mis sueños

Overview:

You will create a plan for your dream house on poster board, labeling each floor and room. You can also use magazine cutouts or drawings to furnish one bedroom in the house. Below the house plan, you will write a short paragraph describing your dream house and bedroom. Then you will give an oral presentation of your poster, taking students on a tour of your house and bedroom.

Materials:

Poster board, magazines, markers, glue, crayons, colored pencils, scissors

Sequence:

- STEP 1. Review the instructions with your teacher.
- STEP 2. Submit a rough sketch of your house plan and bedroom layout. Incorporate your teacher's suggestions into your draft. Work with a partner to compare sketches.
- STEP 3. Create your house plan on poster board and do the layout of your bedroom.
- STEP 4. Submit a draft of the description of your house.
- STEP 5. Present your house plans to the class, taking the class on a room-to-room tour, and then describing your bedroom in detail.

Assessment:

Your teacher will use the rubric on the following page to assess this project.
