

Eater's Digest Go Green Contest

From the time you swallow food to the time it comes out the other end, food has traveled more than 20 feet inside your body.

Create a model of the digestive system using recycled products and household items.

Contest Rules – All 6B students are pre-registered and expected to participate in a small group.

Contestants may fashion a model onto a poster board or create a model in a three dimensional form.	Poster Board <input type="checkbox"/>	3-D Model <input type="checkbox"/>
