

Portfolio Reflection Questions – Concert Choir Semester 2
Due Thursday, May 29 - Worth 50% of your Concert Choir final exam grade
Please TYPE and email/Google share your responses to the questions below

Please listen to our second semester recordings in the Google folder I shared with you and answer the following questions...

1. **And So It Goes** – listen to the recordings of the two performances (Choral Showcase and Spring Arts Festival) as well as our rehearsal recording. What do you think we improved upon from our rehearsal to the performances? Did we also improve from one performance to the next? What value do you feel there was in performing that piece (or any piece) more than once?
2. **Baba Yetu** – listen to the recording of our rehearsal and our performance of this piece. What do you think we improved upon from one performance to the next?
3. **Other tracks** – listen to the other recordings from this semester and answer these questions about the recordings and semester as a whole:
 - a. Which song was your favorite to study and perform and why?
 - b. What choral techniques do you feel we continued improving on the most from the first semester? (If you joined us after the first semester, what techniques do you feel we improved the most over the course of this semester?)
 - c. What has been the most meaningful/memorable experience for you in Concert Choir from this year?
 - d. What do you hope to personally like to focus on most next year?
