

Monthly Reading Projects

Students will choose and read a book from an assigned genre each month. The chosen book should be at the individual reading level of the student (not too easy or too difficult, use the five finger rule). This reading can be recorded as the reading homework for their nightly reading log also. Each month students will complete an individual project. The directions will be handed out at the beginning of each month. Projects are due on the last school day of the month, and oral presentations will start at the beginning of the next month.
