Answered the 5 "W" questions	Who, what, where, when & why were all answered and flowed together to make sense from the view point of attending the Convention.	One of the "W" questions was not answered, or some info did not pertain to the topic.	Two of the "W" questions were not answered, or some info did not pertain to the topic.	Three of the "W" questions were not answered, or some info did not pertain to the topic.	Only one of the "W" statements was included in the message to my teacher.
Color				Colors chosen added to the effectiveness of the postcard.	Color was poorly added.
Introduction, closing & address				"Dear Mrs. Lenz," was used for the introduction and an appropriate closing was also found. The address is also included.	Either the introduction or closing was missing.
Stamp				Stamp is appropriate. (Cost, size, picture chosen)	Stamp needs work. (Cost doesn't coincide with time, or doesn't relate to era.
Internet Picture (Front)			Internet picture pertains to the Seneca Falls Convention. Correct date and place, "Seneca Falls, NY" is also part of the front of the card.	The date or "Seneca Falls, NY" is missing from the front of your postcard	The picture doesn't pertain to the Seneca Falls Convention.
Spelling & Punctuation				Two or fewer spelling/punctuation errors on the entire postcard.	Oh no! Too many spelling/punctuation errors. I didn't proofread my work.
Presentation		Looks like a professional put this together! Everything flows together nicely.	Looks OK, but there could be a few minor improvements.	Done fairly well, but I didn't put much effort into this. Lots of erasure marks.	Who did this? Looks like my dog threw up on it. Nothing is straight or even. I should have started over.
Reminders:				My postcard was attached to this rubric with a <b>paperclip</b> . I also self graded the rubric by placing a small "X" in the box that I felt I earned in each of the areas.	I forgot to attach my postcard to this with a <u>paperclip</u> , or I <b>DID NOT</b> self score the rubric.
