

Practical Assessment for iMovie

Pages 146 to 173

Students follow the steps mentioned below and complete the required tasks.

Ensure you complete all the requirements and criteria for this assessment.

For this practical assessment you are required to make an iMovie project. You can choose to work alone or maximum in a group of 4 students.

1. You can use any type of video clip you want
 - a. Make sure the video clip you are trying to import to iMovie is in mp3, mp4 or mov format as iMovie doesn't accept any other format for import
2. You can create
 - a. An advertisement
 - b. A movie trailer
 - c. A funny joke video
 - d. Any other ideas please check with the teacher.
3. Your iMovie should have video and sound track.
4. You should use the effects and themes available to you
5. You can use the project themes as well to make your project creation easy for yourself.

Good Luck
