-- No score, fewer than five competitors

Questions have been asked regarding the rules for displacement scoring. The following is taken verbatim from the 2006 NFHS Rule Book for Track and Field and Cross-Country:

p. 67, Section 2, Scoring

Scoring shall be as shown in the following table:

Place:	First	Second	Third	Fourth	Fifth	Sixth	Seventh
Points:	1	2	3	4	5	6	7

"All competitors who finish the race shall be ranked and tallied in accordance with the above table. In cross-country, up to seven team members retain their order of finish. Any team members beyond seven shall be disregarded and shall not displace any opposing runners. The team score then shall be determined by totaling the points scored by the first five finishers of each team. The team which scores the smallest number of points is the winner."
