

## Portfolio Reflection Questions

- What is this piece? Name the assignment and class.
- Why did you select this particular assignment or test?
- What makes it stand out from your other assignments?
- Why do you think you did well on this piece?
- How could have you done better?
- What do you like about this selection?
- What do you dislike about this selection?

Answer the above questions in paragraph form on a piece of loose-leaf paper. After completing, attach the selected assignment to the back of your reflection and give to your teacher.

- Due on Friday, November 6 and may be turned in prior to the due date.

Your portfolio reflections from all of your classes will be inserted into your Personal Project / GBD binders for your parents, school administrators, and Liza board members to review. Therefore, it is in your best interest to answer each question with dignity, legible handwriting, and in pen or typed.
