

DIGITAL STORY PROJECT

ACT elective Final Project

Due February 23

You will be creating a story, using a personal narrative approach, including photos, videos, artwork, music, and voice over narration. This should be about 3 minutes long and include an introduction, optional dedication page, and a credits page. I hope you enjoy creating this project incorporating all that we have learned this trimester.

The following sources have some great ideas to help you:

Digital Storytelling** excellent site by Bernajean (I attended her workshop at the Technology Conference)

You are welcome to use Inspiration for the planning phase, too.

I will be available to help with technical issues during some lunch times (when I'm not teaching lower school) and also after school. Please see me if you need to schedule that extra time. Have fun! I can't wait to see your creativity at work!
