

## 8<sup>th</sup> Grade Science Lesson- 2-28-11

1. **Class Set Up (5 minutes):** Have students take out a sheet of binder paper and title it: Acids, Bases and pH- Pages 188-195. Have them divide the paper into four boxes on the front and back like this:

FRONT

### Acids, Bases and pH- Pages 188-195.

A. What are Acids? P188	B. Bases P 189
C. Strength of Acids and Bases P 190	D. pH and the pH Scale p 191

BACK:

E. pH and the Environment P192	F. Acids and Bases in Your Body P 193
G. Section Review P 195 #1-4	H. Section Review P 195 #5-8

3. Have students turn to page 188 in their textbooks. Tell them to read the section, and as they read, take notes on their binder paper. They need **4 good notes in each box.** This assignment should be finished as homework because it will be collected in class tomorrow.
