

Tape in WS Chapter 5

Heat and Changes in Matter

“The Chemistry of Ice Cream”

If all matter is made of molecules and atoms, what makes solids melt and liquids freeze?

Use the top half of the page to respond to this question- use words and pictures to show me what you know.

Atoms in Solids
(P 54)

Atoms in Liquids
(P 54)

Atoms in Gases
(P 54)

In each box, include two facts and a picture
