

Horizon Courseware (aka Moodle ☺)

.

How will students access a teacher's page?

Step One: Create an Account

- Go to frhsd.com. There is a list of options down the left side of the page. Click on "Horizon."
- On the left side of the page, you should see "LOGIN CREATE AN ACCOUNT. If you're a new user, click "CREATE AN ACCOUNT" to register.
- Follow the directions given on the page and provide a user name, password, VALID email address, your first and **last name followed by the # of your class period**, [Ex. Loving**10**, Boxman**45**] and town you live in. *Note- for period 4/5, write your last name followed by **45**, all other classes will just write **1, 2, 10 or 11** after their last name. This step is very important in assigning you to a class!
- You need to provide a VALID email address in order to receive a confirmation email. Email addresses are hidden from students - you cannot see the email address of anyone else registered in the system.

Step Two: Registering at Your Teacher's MOODLE Web Page

- You will receive a confirmation email directing you to a confirmation web page. Click on this link and then click on courses.
- Click on Colts Neck High School and go to "Page 3"
- Select **McCormack SP2** for Spanish 2.
- Read the Site Policy Agreement, scroll down to the bottom, and click on yes.
- The next page will ask you for an enrollment key for the class. Type in "**SP2** " and click "Enroll me in this course." You will then be brought to my class page.

Step Three: Accessing the Page

- Now that you've registered, you can access the page whenever you want. Here's how:
- Go to frhsd.com and click on "Horizon" on the far left menu bar.
- Click on "Colts Neck High School" on the left menu bar.
- Click on "**McCormack SP2**"
- Supply your user name and password and there you go!
