Marand--Créon!!
January 2025!!

I am Louna Marand--Créon. I have 2 last names; the first one is my father and then the second is my mother's. I was born in Cholet on June 17, 2009. I am 15 years old. I live in little town which is Vihiers in the "Maine et Loire". It's not big but it's next to a lot of big cities. I am in European classes, but, sorry, I don't speak English very well.

Firstly, I am rather small, with short brown hair and brown eyes. I also wear glasses.

Secondly, I'm motivated, sociable, and hard-working. I am very random. But I'm anxious, clumsy, a little messy and stubborn.

Next, I will present my family. I don't have any siblings and my parents are separated. But my mother has a boyfriend who has 3 sons, Ewan (17 years old), Killian (11) and Owen (9). They don't live with us. My father also has a girlfriend, she has 2 children who are Léo (15 years old) and Lalie (11). We live together with Pumb our rabbit.

Then, I talk about my tastes.

I have been practicing Horse-riding for 4 years, but I think, I'm going to change so I would like to start gymnastics again, however, I also like to dance. And, I do theater. I love to party, with my friends. In my town, there are often "dusce". It's a party with a lot of people, music and dance.

I also like to eat and watch Netflix in my sofa.

I listen to a lot of music like Travis Scott, Coldplay and the Weekend. And like French music too, I listen Ninko (one of France's greatest rappers), Ramza and 47er. I like everything.

One thing, I love most, I think is to travel. I would like to discover the world. I visited Spain and Portugal, but I would like to visit USA, England and Canada. It is my dream since a lot of years. I hope I will go to Canada. I would like to live in the

It's a great experience to be able to go to America. Probably, the best of my life. Your country is so huge, wonderful, beautiful, it sees all in big. The

American dream!!! I would like to see most of the landscapes and discover the American world. My goal is to improve my English and try to practice the language as much as possible.

In school, I love history and economic and social sciences. It's my best grades. And I like mathematics but I don't have good grades.
