

Time Line and Check List

Your logbook with the completed step should be brought in on the following dates. Prior to **(before)** each date, make sure one of your parents sign this checklist so they are informed about your progress. Missed signatures will result in loss of marks for your preparedness for class mark. **(Please note this portion of your marks is worth 25%)** On each of the following days will be instruction for the next step. If you are finding that you are getting ahead of the schedule (which is GREAT), and you would like added guidance for the next step you may meet with your teacher during one of the lunch time Science Fair help sessions. Whatever you do.... **DON'T FALL BEHIND!!**

<u>Step</u>		<u>Due Dates and Work Period Dates</u>	<u>Help Sessions Attended</u>	<u>Parent Signature</u>	<u>Teacher Signature</u>
