INFORMATION

Location: Earthoe is located 20 degrees north 60 degrees west between Haiti and Venezuela.

Regions: Earthoe is in a tropical region and it's in the political region of America.

Movement: People, exports/goods, and ideas usually move from place to place by boat or plane, since the country is in a sea.

Place: Earthian people have a culture that emphasizes the importance of the Earth. Earthians wear bright colors, representing all elements of the earth. They sing about the earth and have ceremonies every month to show how grateful they are for their country. The history of the Earthians has been largely peaceful, but from time to time they have warred against nearby island nations. Even during times of war, the Earthians have gone to battle wearing brightly colored clothing and even painting their boats with the colors of the rainbow. Even today, soldiers and police maintain a color culture, wearing brightly colored uniforms

Interaction: the people of Earthoe are very serious about protecting the earth and keeping their country clean and non-polluted. They have very strong laws against littering, and protecting lakes and rivers.
