

Welcome to *My Student*.

As a part of SchoolOne's continuous improvement process, we are pleased to announce a new Parent-Student web-interface called **My Student** which has been specifically designed to create one place for parents to quickly and easily review important summary information about their student(s) and more detailed information, if they so choose. One button clicks check student's grades, attendance, and other key information. Likewise, additional information about school activities, announcements, and volunteer scheduling are all in one place and easily accessible. Please take a look at the screen shot below for a quick reference on **My Student**.

If you are in need of your ID and Password, please contact Sascha Warner at swarner@saintlawrence.org.

Change student here.

You can move each section in the order you want. Just make sure you click *Save Layout* on the top left side.

A quick click on any tab will get you the information you need.

Click on **Student Summary** to see Assignments Due, Grades Below Threshold, Missing Assignments, or Grades Since Last Login.

Click on **Progress** (then Progress Summary) to get your child's class progress. For detailed information you can click on **View Progress Detail** above your child's name on the **Progress Summary** page.
