

After Visit Summary Now Includes Findhelp QR Code

The AVS will now include a QR Code which allows the patient to scan the code that will launch the Findhelp search platform for finding and applying for social services. The patient will be able to find free or reduced-cost resources like food, housing, financial assistance, health care, and more.

1. Navigate to **Print AVS if you wish to print the AVS without preview.**
2. Click the **More Options**
3. Select **AVS Preview and Options**

4. Scroll through document to **Tufts Medicine Findhelp**
5. Select **Print**
