Biography Projects

It is that time of the year for the third grades to work on their biography projects. These will be different from previous years.

Your child will be able to pick from a selection at his/her reading level. Along with the book will be further information to help your child to make notes as they read their book. The book needs to be read and understood by the Monday after vacation. This project sounds like a lot of fun!

JUMP ROPE FOR HEART

This annual event has returned. It will be held on one of our P.E. class period with Mrs. Laveroni during the week of February 13. Your child will be bringing home a pledge envelope for this event. If you collect pledges for this terrific event, please send the envelope back in to me.

Mathlete News

Keep practicing those basic facts! Students are improving on their fluency quizzes. I have a few that should earn this award by next month!
