

Caput 1 Basics: Know Thy Verbs (*cogitate verba!*)

Practice makes perfect, but get organized first: learn everything there is to know (for now) about your first verbs. In your first week you have been assigned *amo* through *moneo* with the rest 'due' in week 2 (you need not send them to me unless you are hopelessly lost). Look for the KEY handout so you can check your own work. Don't forget to provide the verb meaning under the first principal part. I have put in the correct answers for two of our verbs below to help you. *Hint: When you can put in all the answers from memory, you've learned enough for now.*
