

**Objectives:**

To learn more about this product and as a consultant be confident in answering questions and recommending its great features to our members.

**Instructions:**

1. Complete the preliminary quiz
2. To print your preliminary quiz results go to your class profile page in Quia (where all your added classes reside) and click on the class you wish to print results from. Click 'File' and then 'Print'
2. Review the module (print if necessary).
4. Complete the three activities using the module information and class materials (class materials are provided on the class page if necessary). You can repeat the activities for practice as many times as you like.
5. Complete the final quiz
6. To print your final quiz results go to your class profile page in Quia (where all your added classes reside) and click on the class you wish to print results from. Click 'File' and then 'Print'
7. Give the printed results pages of your quiz and updated Module Matrix to your ASM
8. Complete the class survey.
9. Move on to the next module by registering for the next class on the Membership Tiered Learning module matrix.
