

Chapter 11 Section 1 (1st 3 subheadings)

1. What place employed farm girls who lived in company-owned boardinghouses?
2. What brought many workers and machines together under one roof?
3. Because of fast-moving rivers, access to the ocean, and a willing labor force, what area in America was a good place for factories?
4. What powered factories after the 1830s allowing them to be built away from rivers?
5. During what, did factory machines replace hand tools and large-scale manufacturing replaced farming as the main form of work?
6. Who brought the technology and built our nation's first factory?
7. Because of what British control did Americans have to start manufacturing their own goods?
8. What inventions made it possible for unskilled workers to produce cloth?
9. In what town and state was the nation's first factory located?
10. What literary magazine was published by girls who worked in the factory at Lowell, Massachusetts?

Chapter 11 Section 1
