

Chapter 4 Section 4 (Last 2 subheadings) Part 2

1. What was the motivation of most settlers who moved west?
2. Unlike settlers on the coast who traded with England, with whom did Backcountry settlers trade?
3. Besides the shotput, high jump, and long jump, what other sport did the Scots-Irish bring to the Backcountry?
4. What did the Spanish introduce that caused a cultural change for Native Americans?
5. With whom did English settlers come into conflict along the Mississippi River?
6. What hardy group was also very skilled in the use of guns and axes in the Backcountry?
7. What European nation controlled large areas of land in North America that included California, Colorado, and Florida?
8. Who, for thousands of years, also inhabited woods and meadows in the Backcountry with the settlers?
9. What did conflict between the English and Native Americans often lead to?
10. What began to develop as a result of English colonies competing against other European nations?
