Semester Long Class Project:
The care and ownership of Oreo

Throughout the semester your class will be responsible for the care and maintenance of Oreo the rabbit. As a class you will be responsible on a daily basis for the following care:

FEEDING AND WATERING:
- Provide fresh food for Oreo daily
- Check water levels
- Refresh water every other day

BASIC GROOMING:
- Brush Oreo every other day
- Bathe Oreo once a month

KENNEL CARE:
- Change cage once a week or if needed twice a week
  - Empty current shavings
  - Cleanse surface of tray with pet safe cleaner
  - Re-bed tray
  - Replace all items within kennel

HEALTH MAINTENANCE:
- Weigh Oreo once a week and chart growth and development
- Provide exercise and interaction with Oreo daily

RESEARCH:
The class will be responsible for research related to Oreo the rabbit. In this research the class will identify:
- Terminology related to rabbits
- Biology associated with Oreo the rabbit
- Identify breeds/types of rabbits and also identify specific qualities of Oreo’s breed
- Nutritional progression for Oreo based on his age and size
- Identify behavioral traits of Oreo: Rabbit communication
- Basic Training
- Housing, equipment, and exercise needs
- Restraint and handling
- Basic health care maintenance: vaccinations, physical exam
- Common diseases, vaccinations, parasites, and common surgical procedures
Research assignments will be made to the individual during the semester. Due dates will be assigned congruently.

Students will be responsible for the care and exercise of Oreo. Students will research as a group how to litter train Oreo and teach Oreo how to respond to humans.

**DAILY DUTIES:**

Duty sheets will be posted in the classroom. Students will be responsible for signing off on the duty they have completed on a daily basis.
