

Introduction to Atoms: _____

Terms p.144

1. atom
2. electron
3. nucleus
4. proton
5. energy level
6. neutron
7. atomic number
8. isotope
9. mass number

Learning Standards:

Standard 8: Understands the structure and properties of matter.

SC8A.8.1 Knows the composition of matter.

SC8A.8.2 Knows the atomic theory.

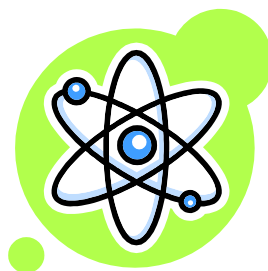

Standard 11: Understands the nature of scientific knowledge.

Standard 13: Understands the scientific enterprise.
