

Chapter _____: Chemical Reactions

Terms: page

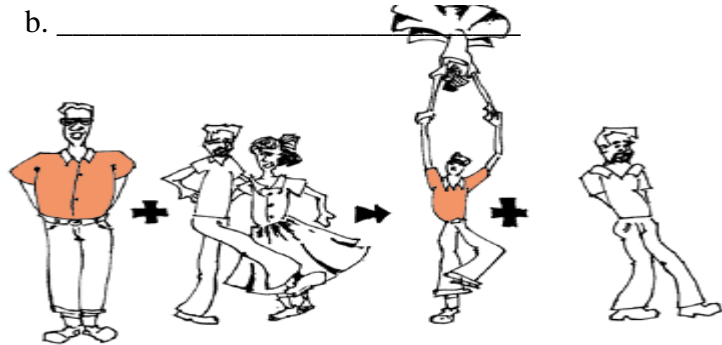

1. chemical reaction
2. precipitate
3. endothermic reaction
4. exothermic reaction
5. conservation of mass
6. synthesis
7. decomposition
8. replacement
9. activation energy
10. catalyst
11. enzyme

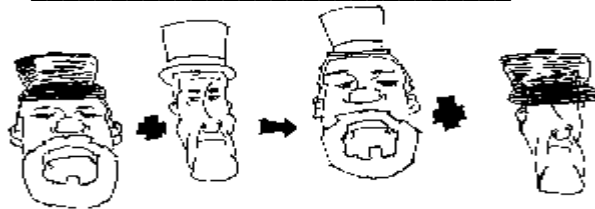

a. _____

b. _____

c. _____

d. _____

Benchmarks for Physical Sciences

***Standard 8: Understands the structure and properties of matter.**

SC8A.8.1 Knows the composition of matter.

SC8A.8.3 Knows the behavior of matter.
