

NOTES: Properties of Mixtures, Elements & Compounds Chart

Mixtures

Elements

Compounds

<p>Made up of more than one kind of molecule (elements, compounds, or both)</p> <p>Ex: _____</p>	<p>Made up of _____ kind of atom</p> <p>Ex: _____</p>	<p>Made up of more than one kind of _____</p> <p>Ex: _____</p>
<p>Can be separated by _____ means</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> <p>d. _____</p>	<p>_____ be broken down by chemical means</p>	<p>_____ be broken down by chemical means</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> <p>d. _____</p>
<p>Has <i>same</i> properties as substance making it up</p>	<p>Has <i>same</i> properties as atoms making it up</p>	<p>Has _____ properties from elements making it</p>
<p>Has _____ properties throughout</p>	<p>Has _____ properties throughout</p>	<p>Has _____ properties throughout</p>
