12.4.notebook July 31, 2013

Def. Volume

The amount of space enclosed in a solid.

12.4.notebook July 31, 2013

Volume of a Right Prism

$$V = Bh$$

Where V is volume,

B is the area of 1 BASE,

h is the height of the prism

12.4.notebook July 31, 2013

Volume of a Right Cylinder

$$V = \pi r^2 h$$

Where *V* is volume, *r* is the RADIUS of 1 base, h is the height of the cylinder
