

Problem of the Week

Math Tutoring Center

Renton Technical College

WIN \$5.00 IN "BAKERY BUCKS"

Submit the correct answer to the following Problem of the Week before next Monday (04/23/12) at 6 PM and you will be eligible to win \$5.00 in "Bakery Bucks".

Problem of the Week:

Amy is planting snow peas in her garden this spring. She needs to decide how many bags of seed to buy. She plans to plant 4 rows. Each row will be 10 feet long. The package says that for best results each seeds should be planted 2 inches apart. If each package contains 100 seeds, how many packages does she need to purchase?

Here are the rules for submitting answers to the problem of the week and the prizes with winning:

- Any RTC student or employee can submit an answer.
- Answers must be submitted in writing, on a piece of paper, in person at the Math Tutoring Center no later than 6 PM on Monday (04/23/12) **(NO email submissions will be accepted)**.
- Please include your name, phone number or email address on your submission so that you can be contacted if you are the winner.
- The winner will be notified by email or phone.
- All "Bakery Bucks" not claimed within one week will be forfeit.
- "Bakery Bucks" can only be used at the RTC Bakery.
- No change will be given on any purchases paid for with "Bakery Bucks"
- Any part of a purchase that exceeds the amount of the "Bakery Bucks" is the responsibility of the purchaser.
