

AP Chapter 9 Review

Use this review as a supplement ONLY. Don't rely just on this. Your test consists of 55 multiple-choice questions, 15 vocab (no word bank) and 1 FRQ. PLEASE don't come to me and say "Mr Rod, I can't find_____". That would mean you didn't really look. You're an AP student now with two textbooks and the internet at your fingertips.

1. How the HDI measures development. Characteristics that make countries/regions have a high or low HDI. (There are quite a few m/c questions on this!)
2. The characteristics of development for MDCs and LDCs.
3. Characteristics of the economic sectors:
 Include which countries/regions would have large/small numbers in each sector
4. Core-periphery model
5. The economic relationships between MDCs and LDCs.
6. The development strategies for LDCs.
7. EVERYTHING about Rostow's Model. (At least 6 m/c)
8. Areas within LDCs that built up to attract foreign investment and industries.
9. Successes and drawbacks of the Self-sufficiency approach.
10. Fair trade movement.
11. What are micro loans? What do they do?
12. Formal and informal economy
13. Problems faced by LDCs in trying to finance development.
14. WTO, IMF, Foreign Direct Investment, Structural Adjustment Loans

***Of course know all your vocab! There are 10 m/c questions directly related to the vocab ***
