

APHG Ch 4 & 6 Review

Use this review as a guide only. Don't just rely on this! You still have to study the rest of your notes.

And PLEASE don't be lazy! This review is for YOU to do. I'll give you clarification on a question but I'm NOT doing it for you. Remember your vocab. There are 15 m/c questions that are based strictly on the vocab!

1. What impact does western culture have on the rest of the world?
2. How does environmental determinism relate to culture? Make the connection with this chapter
3. Know about the spatial distribution of golf courses.
4. There are a quite few questions regarding the differences between popular customs/culture and folk customs/culture. Know the characteristics of both.
5. How does hip hop show a connection between folk and pop?
6. Make sure you know the hearths of pop culture and how it spreads.
7. What's the differences between rural and urban local cultures?
8. How can you tell there is folk and pop culture on the landscape?
9. Know the spatial distribution of folk and pop traits/customs/etc
10. What is the biggest challenge facing folk cultures? How do they deal with that challenge?
11. What kind of impact does pop culture have on the landscape and society in general?
12. What does it mean to "lose the local"?
13. You HAVE to know the hearth and distribution of the major religions. There are 13 m/c questions on these two topics.
14. You had better know the characteristics of both ethnic and universalizing religions.
15. Also know which religions are ethnic and which are universalizing.
16. How is religion shown on the landscape?
17. What's the major differences between fundamentalism and extremism?
18. I would make a chart with the following:
 - Type of religion – universalizing or ethnic
 - Hearth
 - Any people associated with it
 - How it spread
 - Rank regarding number of adherents
 - It's spatial distribution
