4. Your oral reports of everything you did will take place during the week of May 20, 2013 - beginning on May 21st. We will decide the order of presentations on May 17, 2013 by drawing sticks. All written work and presentations are due that day. If you do a project with another person, the project is due on earliest day. (i.e., if Sally and Steve do a project together, and Sally's due date is Tuesday and Steve's is Thursday, the project is due on Tuesday.)
