

Capítulo 6B

Actividad 9

Some people always seem to get out of doing their chores at home. Listen as a few teens tell their parents why they should not or cannot do what their parents have asked them to do. As you listen, write in the chart below what the parent requests, such as *lavar los platos*. Then write in the teens' excuses, such as *está lavando el coche*. You will hear each conversation twice.

	Los quehaceres	Las excusas
