

PowerPoint Presentation Makeover 1

OBJECTIVE:

To give an existing PowerPoint presentation a makeover

New Skills Reinforced:

In this activity, you will practice how to:

1. apply a design template.

PROJECT SCENARIO:

In this project, you will take a presentation about a new sporting goods store and update it to a professional, well-designed presentation using a design template from your software. This presentation will be used to introduce the new sporting goods store to the local chamber of commerce. Your audience knows nothing about this store.

STRATEGIES AND DESIGN TIPS TO FOLLOW:

1. Review all of the templates available and apply one that fits best with a sporting goods store.
2. Use consistent graphics and colors to coordinate with the template you have chosen.

BEFORE YOU BEGIN:

1. Carefully read through all parts included in this project.
2. Prior to starting any work on your computer, use the *Present It! Planning Layout Form* to sketch the content, layout, and design of the presentation you will be creating for this project. Use multiple copies if necessary.
3. Use the *Present It! PowerPoint Presentation Tips* provided in the Introduction as a guide while working on this project.
4. Unless otherwise noted, the layout, design, type size(s), and style(s) for this project will be left for you to decide.

Project 24: PowerPoint Presentation Makeover 1

INSTRUCTIONS:

1. Carefully read and review the content and design of the thumbnail slides presented in Figure 24-1.
2. Using Microsoft PowerPoint, give the presentation shown in Figure 24-1 a much needed makeover. Note that you can add or delete text, use graphic images and other elements, reformat text, and any other changes you see fit to give the presentation a professional appearance.
3. In addition to the “makeover” you will be giving, your slide show presentation must also meet the following criteria:
 - ☐ Animate bullet points to Start on click, with previous, or after previous as it makes sense.
 - ☐ Apply a design theme that best fits this type of presentation. Search the internet for a Sports Theme.
 - ☐ Each slide must include a slide transition, and an Action Button that takes you to the “Home” slide.
 - ☐ Use custom animation on at least one graphic. Use custom bullets on at least 1 slide.
 - ☐ Include at least one hyperlink to a Web site.
 - ☐ Include at least one hyperlink within the presentation.
 - ☐ Insert a sound file on the title page; play across slides, loop until stops, hide during show.
4. Save the presentation as **PROJECT 24 – TEMPLATE**.
5. Run the slideshow and proofread your work carefully for accuracy, design, and format.
6. Print a copy of your presentation as handouts using 3 or 6 slides per page if required by your instructor.
7. If required, present this presentation to your instructor and/or your class.
