

## Bell Work:

How do you think people got from Middle East and Asia to North America?

Can you think of a different possible way or ways to get there?

# One theory for how people got to North America:

Routes of the First Americans

OHIO HISTORICAL SOCIETY

# AMERICAN MUSEUM OF NATURAL HISTORY

This is a drawing of a mammoth  
and a human figure for scale.  
The mammoth is much larger  
than the human figure.  
The mammoth's tusk is  
much longer than the human  
figure's height.
