

Grammar and Spending

In pairs/groups complete the following gaps in the sentences and questions.

- 1) Where _____ you born?
- 2) Did you _____ high school last year?
- 3) What _____ FTP mean?
- 4) How many floors does your house _____?
- 5) How _____ do you drink coffee?
- 6) Do you _____ go to the Food Court?
- 7) How long have you _____ learning English?
- 8) _____ has been the most difficult day so far.
- 9) If I had not _____ up on time, I would have been late.

Imagine that you have 1,000 Dhs to spend on buying the sentences and questions above. You only want to buy those which you are sure about.

After we check the possible answers, keep a record of what you have spent and at the end, what you have left.

The aim is to have spent your money on only correct sentences and have some money left. If you buy sentences that are wrong then you lose the money.
