

Games and Learning

How do games help students to learn?

The difference between traditional games and online games

Research on this – What does it say?

Which level do you want to focus on – KG/primary/high school?

Or all of them?

Your experience of it?

Survey – ask others about their experience, enjoyment

Find examples of different kinds of games and what they can teach

Cyberbullying

What is it? What does the word mean?

Why do some people use bullying?

Who does it affect? How does it make people feel/react?

Research – what does it say?

Solutions? Have some schools/teachers/parents tried to stop it or solve it? How? What was the result?

Survey – solutions?

Peer Tutoring/Teaching

What is it? Why do this? How can it be useful?

Research – what does it say?

What kinds of peer tutoring/teaching are there? What is there at UAEU?

What is your experience of it?

What do students think of it? Why? – survey

Journaling / Blogging / Vlogging

What is it? Why is it useful?

What is the difference between them?

Do you have any experience of it? Is it positive or negative?

Think of not only social media but also TV programs in which the contestants use a video cam to record their feelings.

Why is this interesting to some people?

Social Media and Privacy

What is Privacy and how are these two things connected?

What different kinds of problems are there?

Eg parents posting photos of their children – what could be a problem?

Survey – ask students if they are aware of the problems & see if there are possible solutions

Students and Stress

What is stress?

What happens in our bodies and minds when we are stressed?

Why do we get stressed as students?

Research – what does it say?

How does it affect people? – physically? emotionally?

What can you do about it? How can you stop it?

What are some examples of ways to stop it?
