

- Supraorbital foramen
- Frontal bone
- Sphenoid bone
- Temporal bone
- Parietal bone
- Glabella
- Superior orbital fissure
- Optic foramen

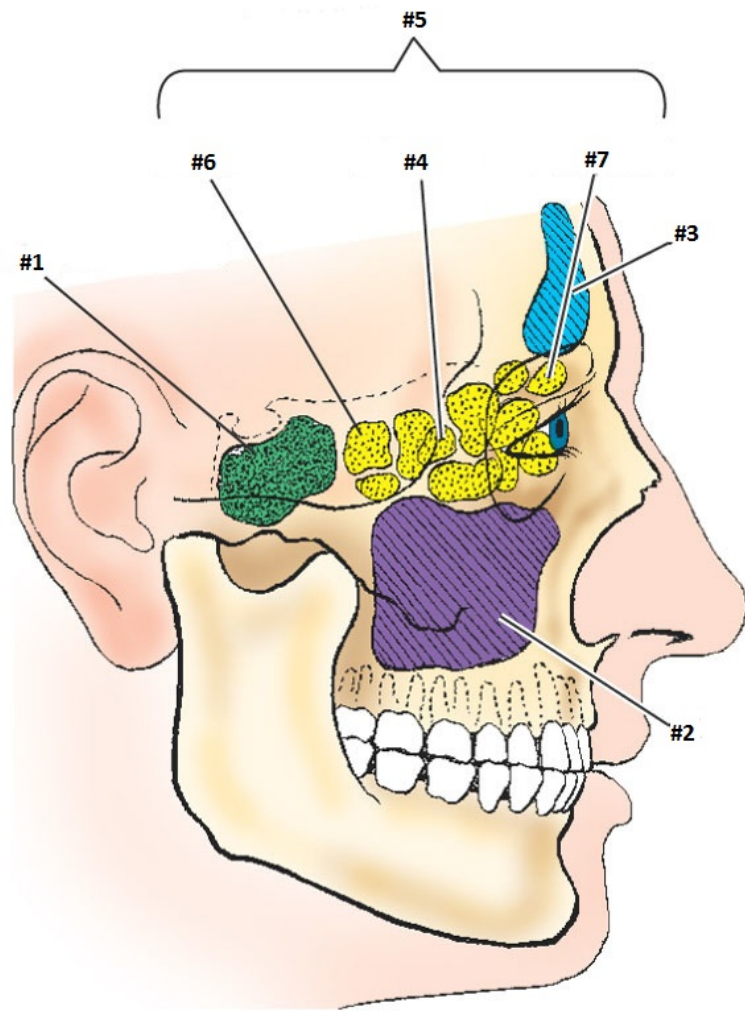

- Lambda
- Pterion
- External occipital protuberance
- Lambdoidal suture
- Styloid process
- External acoustic meatus
- Bregma
- Mastoid process
- Asterion
- Glabella
- Squamosal suture
- Coronal suture
- Occipital bone

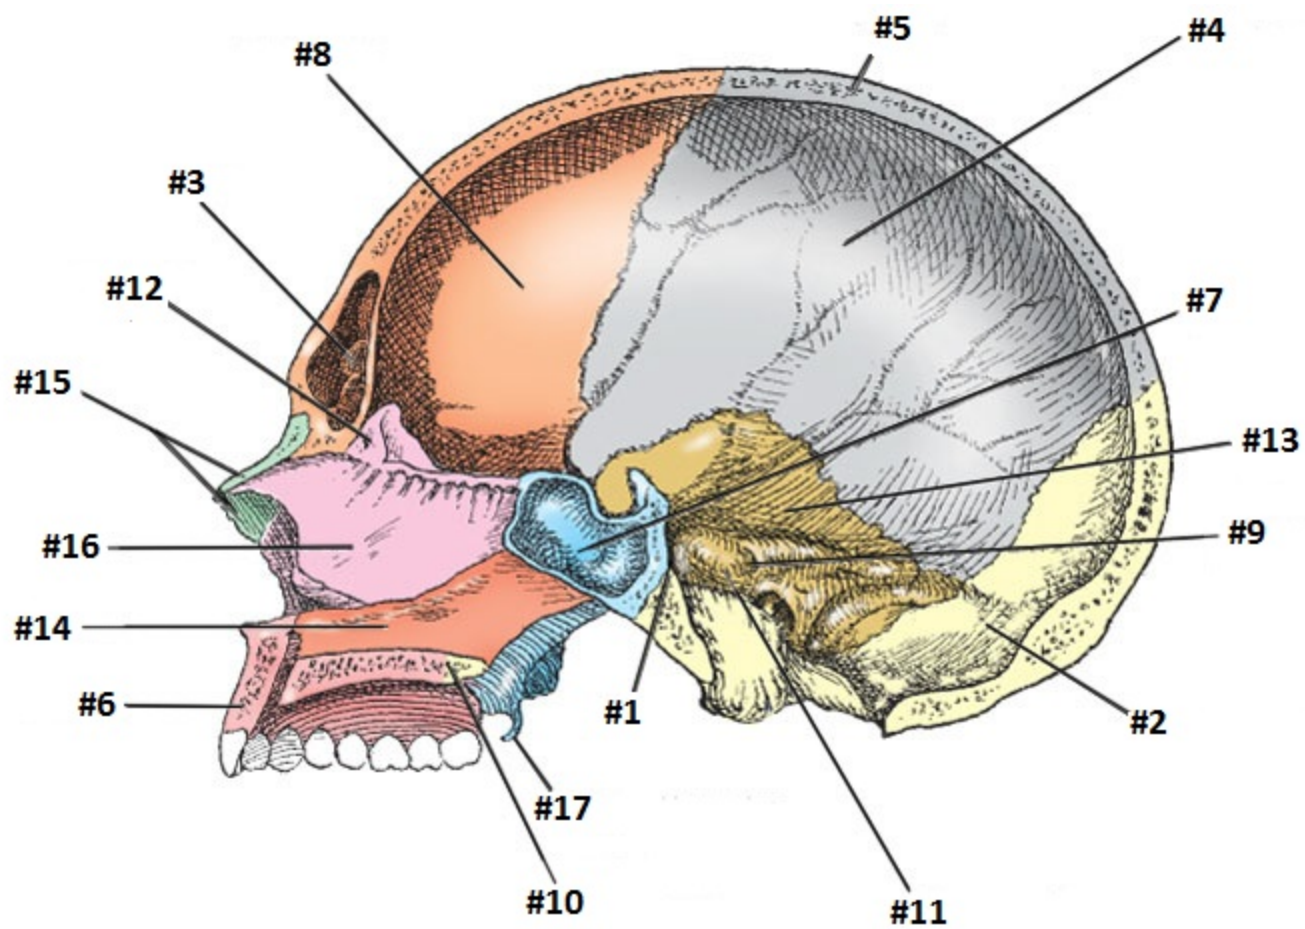

- Maxilla
- Vomer
- Superior orbital fissure
- Mandible
- Inferior nasal concha
- Optic foramen
- Nasal bone
- Mental protuberance
- Acanthion
- Zygoma
- Inferior orbital fissure
- Lacrimal bone
- Ethmoid bone
- Infraorbital foramen

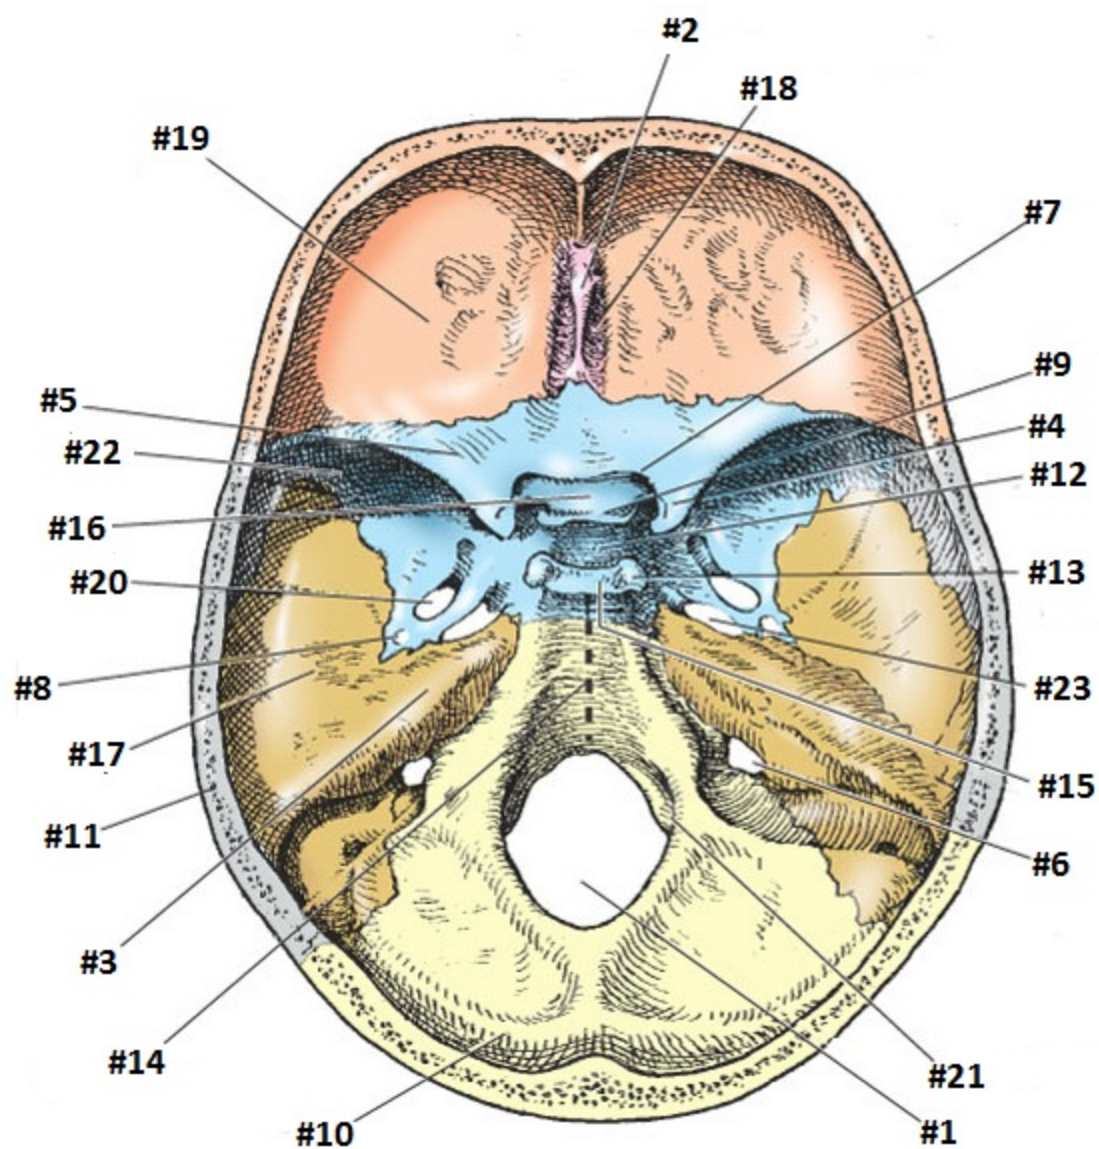

- Nasal bone
- Lacrimal bone
- Maxilla
- Mandibular notch
- Ethmoid bone
- Angle (gonion)
- Zygoma
- Alveolar process
- Zygomatic arch
- External acoustic meatus
- Mental foramen
- Coronoid process
- Acanthion
- Mandibular condyle

- Frontal sinus
- Sphenoidal sinus
- Maxillary sinus
- Posterior
- Ethmoidal air cells
- Anterior
- Middle
-

- Clivus
- Internal acoustic meatus
- Ethmoid bone
- Palatine bone
- Sphenoid bone
- Occipital bone
- Maxilla
- Pterygoid hamulus
- Crista galli
- Frontal sinus
- Petrous portion of temporal bone
- Squamous portion of temporal bone
- Vomer
- Parietal bone
- Frontal bone

- Dorsum sellae
- Crista galli
- foramen magnum
- Hypoglossal canal
- Optic groove
- Foramen lacerum
- Cribriform plate
- Jugular foramen
- Petrous portion
- Lesser wing
- Foramen ovale

- Temporal bone
- Occipital bone
- Orbital plate
- Foramen spinosum
- Anterior clinoid process
- Posterior clinoid process
- Clivus
- Sella turcica
