Rote to Note – Beginning Note Reading for Violin
Unit Study Pages

Unit 3: Introduction to Basic Notation

1. Trace your clef sign, and then practice writing your clef eight times.

2. Here are the note names on your staff for your instrument. Use this as a key to name the eight notes below.

3. **Key signature** - A key signature tells which notes to play as sharps and flats for the entire song. In this key signature there is an F# and C#, so all Fs in the song should be played as F# and all the Cs as C#.

4. **Time signature** - A time signature tells us two things: The top number indicates how many beats there are in a measure and the bottom number tells what kind of a note gets the beat.
5. **Rhythm Counting Chart**

(When the time signature’s bottom number is 4)

\hline

\end{array}
\]

2. Rhythm game

You will need the following supplies:
- A pencil
- 16 index cards
- 4 or 5 straws
- Scissors
- Glue

Make the game:
On the rhythm square page at the end of Unit 7, cut along the lines and make 16 flash cards by pasting pieces on 3x5 index cards.

Game directions:
1. Choose one time signature (meter), and place at the beginning of your “rhythm song.”
2. Use different note values to create the correct number of beats in each of 2-4 measures. Use straws as bar lines to divide your measures. Use two straws at the end of your rhythm song to make the end double bar line. (You’ll have to pretend the last straw is thicker.)

Now play your song:
1. Tap your toe to a steady beat and clap or say the rhythm.
2. Play your song pizz. on an open string.
3. Play your song arco on an open string.

Extra Credit:
1. Create a melody to go along with your rhythm.
2. Use staff paper on the next page to write your piece down.
3. Name your song, and be sure to write your name in the upper right corner of the music. (This is where the composer’s name is usually found.)
Unit 7 (continued)

**Enrichment:**
Use your short song as a “theme” to create a longer song. Develop your idea by playing around with the theme on your instrument. Write down your composition so you don’t forget it!
