

Room 110- Art

2012-2013

Jennifer Burgess- burgessj1@jcschools.org

National Standards

The art program is based on National Standards. This year's theme centers around the "Elements of Art". These standards are:

1.0- Media, techniques, and processes-

Students study various materials, their use, and techniques.

2.0- Structures and Functions-

This is the elements of art (line, shape, space, color, form, value, and texture) and the principles of design.

3.0- Subject matter, symbols, and ideas-

Students learn about the significance of symbols and subject matter in art.

4.0- Historical and Cultural Relationships-

Students study art from various cultures, times, and places

5.0-Reflecting and Assessing-

Students discuss and evaluate their own work and the work of others.

6.0-Interdisciplinary Connections-

Students learn about how art connects to other subjects such as Science, Math, and Social Studies.

Grades

Students grades are based on effort, participation, and behavior. Students are encouraged to do their personal best .

Art Room Rules

At Woodland, we do Positive Discipline. Students learn about **Lifeskills** and **Lifelong Guidelines**. This is done in all classrooms. Students are encouraged to make great choices and learn how to get along with others around them, while working as a team.

A- Always do your best

R-Respect yourself, others, material, and your teacher.

T-Think- Make good choices and be creative.

Needs

In addition to our needs for basics like markers, crayons, pencils, erasers, glue, I am asking for some recycled materials-

toilet paper and paper towel rolls

Newspaper

Colorful ads and coupon books

Old phone books or books with words only.

Check out the new art room floor! We will be using it for activities and to sit and learn.
